

Reverend Tiffany Barsotti, M.Th, C.Ht., M.C.P.L.T, CCT

BIO

Rev. Tiffany Barsotti, M.Th., Ph.D. Candidate, is an internationally renowned medical intuitive, spiritual healer, clinician, and researcher of subtle energy and biofield therapies. Tiffany's published in prominent Integrative Medicine journals and books on topics of integrative medicine, consciousness studies and the human biofield, sharing co-authorship with clinicians and scientists from academic institutions around the United States.

She's presented her work at numerous venues including the annual Science of Consciousness Conference, the Academy of Integrative Health and Medicine Conference, and The Chopra Center for Wellbeing.

Tiffany is a favorite on Gaia TV, has been featured on the Shift Network's Science of Healing Summit, and is a Visiting Scholar at the University of California San Diego's School of Medicine.

SHORT BIO

Rev./Dr. Tiffany Jean Barsotti, M.Th., PhD, is a spiritual and medical intuitive counselor and subtle energy scientist teaching know-thyself tools for achieving clarity of life, purpose, spiritual maturity, and healing psycho-spiritual-emotional-energetic root causes of illness. Her recent book, *The Biology of Transformation: The Physiology of Presence and Spiritual Transcendence*, proposes a new axis in human anatomy, the Reticular Activating System - Vagus Nerve - Alta Major Chakra Axis as the nexus of communication from Higher Consciousness to the physical and subtle energy bodies of the human being.

EXTRA SHORT BIO

A spiritual & medical intuitive counselor & subtle energy scientist. Blending ageless wisdom, unique know-thyself tools for spiritual maturity and human evolution.
